Daniel Bauer

Application No. 09/771,091

ON PETITION

Filed: January 27, 2001

Attorney Docket No. CH919990050US1

This is a decision on the petition under 37 CFR 1.137(b), filed November 26, 2004, to revive the above-identified application.

In response to the Notice of Allowability mailed May 4, 2004, petitioner hereby submits \$1,370 for the petition to revive fee, one (1) sheet of corrected drawings containing Figures 1-2, and the statement of unintentional delay.

37 CFR 1.137(b)(3) requires a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional. Since the statement contained in the instant petition varies from the language required by 37 CFR 1.137(b)(3), the statement is being construed as the statement required by 37 CFR 1.137(b)(3) and petitioner must notify the Office if this is **not** a correct interpretation of the statement.

The undersigned acknowledges that the examiner withdrew the objections to drawing Figures 6, and 7a-7g. Therefore, since petitioner has met the requirements to revive this application, pursuant to 37 CFR 1.137(b), the petition is **GRANTED**.

This application is being referred to the Office of Publications for further processing into a patent.

Telephone inquiries concerning this decision should be directed to the undersigned at (571) 272-3226.
